Subject: FW: Question on Rosemount Copper Project - Additional R9 comments?

Hi Rob and Kelly – A stakeholder originally reached out about comments Region 9 transmitted to USACE last November regarding the Rosemont Copper mine in AZ and 404 CWA permitting issues. R9 comments → <http://www.rosemontminetruth.com/wp-content/uploads/2018/01/epa-2017-critique.pdf> The stakeholder believes R9 may have filed additional comments since that last November and wants to check. Any help/recommendations you could offer in confirming is greatly appreciated.

Thanks,
Drew

Drew,

Just wanted to pass along Hudbay's response to EPA's comments on the Rosemont project. They disagree with the region pretty significantly. Just FYI

Thanks
Bill
